

VALCARD IS CHANGING THE WAY PEOPLE SHOP AND SAVE.

Valcard is the universal discount plan for all goods and services across America. Much like a coupon, Valcard guarantees the holder a bargain on all the things they buy and use on a daily basis.

Coupons and special offers from local merchants are a great way to save money during these difficult economic times, unfortunately, what the consumer wants and needs is not always on sale when they need it and with all the effort needed to clip, sort and catalog your coupons, it's an almost impossible task for most of us. With Valcard, you don't need to wait for the coupon books to come in the mail, buy a paper or wait for the Sunday sales and you don't have to clip or sort coupons and more importantly, cycle out the expired ones. Valcard never expires. It's a fast an easy way to save money and keep consumer dollars local.
